

# RISK & SAFETY SOLUTIONS

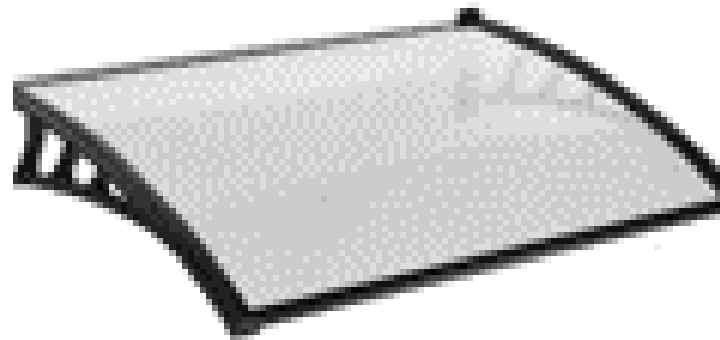

## Building Renter Protection

Building Renter Protection (or BRP) is a simple and effective way of protecting you and the project for the term of the hire. A simple monthly charged added to the invoice, you will be protected against unforeseen damage either by human hand or inclement weather.

## Door Canopy Awning

Featuring a sleek design with decorative side struts, this canopy provides essential protection from sun and rain for your doors. Crafted from strong, tough, shatter-proof polycarbonate, our door canopy is built to withstand the elements while requiring minimal maintenance.

## Anchor Blocks

Ideal for locations with unpredictable and wild weather, Portacom has a range of building tie downs which will give your peace of mind throughout the hire period. To ensure your building is safely secured to the ground, we offer a range of engineered cyclonic tie downs, ideal for when you cannot penetrate the ground.
