

Modular solutions for a modern world

Portacom New Zealand Limited

Your space, your way. Portacom makes it easy as.

At Portacom, we create space - fast, smart and stress-free. From efficient site setups to large-scale education projects, our modular solutions are built to perform.

Powered by local knowledge, we combine smart design with practical delivery to support New Zealand's construction, infrastructure, commercial, industrial and education sectors – wherever they are, and whenever they need us.

Who we are.

We're Portacom New Zealand, trusted by industry, education, infrastructure and government for 50 years. With teams on the ground across Aotearoa, we've earned our place as a leader in modular construction.

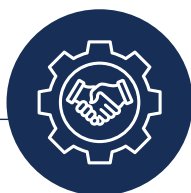

We understand the conditions. We understand the timelines. We understand what it takes to deliver modular buildings that don't just show up – but show up ready.

What we deliver.

From day-one solutions to long-term setups, every building is engineered to handle New Zealand's toughest conditions – seismic activity, high winds, heavy rain and snow. Built to a minimum 50-year design life, our pre-designed, architecturally led typologies offer consistency and speed.

Hire Solutions

Portacom provides quality, compliant modular buildings for hire – built for flexibility and ready to perform wherever and whenever you need them.

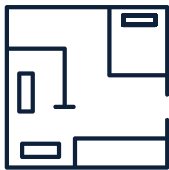

With a fleet of over 2,400 buildings, we offer project offices, classrooms, kitchens, amenities and healthcare facilities. Fast to deploy and easy to install, Portacom makes finding your space solution simple.

360° Solutions

Our 360° Solutions bring everything together to make your space functional from day one. From steps to modular covered walkways to furniture, hot water, waste tanks and signage, we offer a full suite of add-ons that ensure your building is ready to go the moment it arrives.

Choose your building

Our experts are standing by to help you choose the size and floorplan that best meet your project needs.

Outfit your space

Our wide range of 360° Solutions are designed to create turnkey solutions for every building type and use.

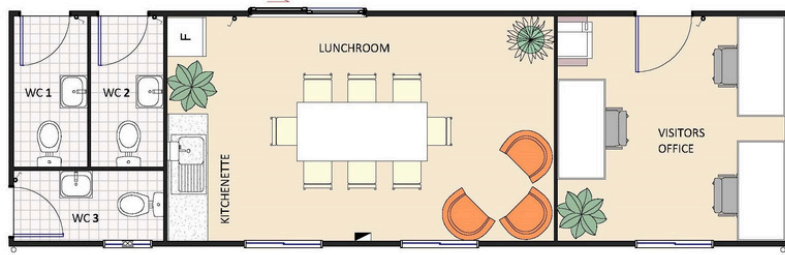

You're ready to go

A turnkey solution delivered on site and installed so your people can get right to work from day 1.

Modular commercial spaces that work for you.

Portacom's office complex includes everything you need to get your workforce up and running. Whether it is 10 people to 200, we have a layout to suit your site's footprint and workforce's needs.

Our team will work with you to select, mix 'n match the modules to create a space which works for you. You can combine open plan offices with meeting rooms, private offices, receptions, staff amenities, IT and plant rooms and more, with plenty of options for flooring and internal design.

Leave the logistics to us, and keep your focus on the job.

When timing matters, choose Portacom switchroom

Purpose-built, insulated and reinforced switchroom modules delivered to site and ready to go.

Why customers choose Portacom.

- Proven experience across NZ
- Responsive, knowledgeable local teams
- Quality buildings backed by seamless project support
- A full solution – without the full stress
- Delivered with confidence, care and the right attitude to get the job done right.

Portacom holds ISO certifications and places Health & Safety at the core of everything we do - ensuring a safe environment for our team, our clients and the communities we support.

“... We have been impressed with all aspects of the build and at the end of this process we have a wonderful classroom block ready for term 3. It has been a pleasure to have worked with everyone involved.”

Sharon Scouse, Principal, Mangatawhiri School

Built for New Zealand. Trusted by New Zealand.

From the far north to the deep south, Portacom is ingrained in Kiwi projects and communities. We've been part of the story for decades – and we're just getting started.

What our customers have to say

“ Easy to coordinate. For a couple of our projects, we have had to do short-notice relocations and it's been easy. Easy to deal with. You are the only ones I use because it's been all good from the start. ”

Josh O'Callaghan, Greater Construction Limited

READ THE CASE STUDY

“ The buildings on our handover were all up and running with no noise. Last year there was continuous noise 24/7 with the generator running to power the buildings. Now other than the general work noises, we can enjoy the environment we are working in, it's an amazing little spot. the set up also supports our Health Safety and Environment initiatives. ”

Tim Drake, Ventia
